JESMON[®]TE

medical

MATERIAL SAFETY DATA SHEET: FLEXIGUARD SEALER

1. IDENTIFICATION OF THE SUBSTANCE / PREPARATION AND THE COMPANY

Product name

JESMONITE FLEXIGUARD SEALER Application of Product: Product for construction chemicals

Company Address:

Jesmonite Limited. Challenge Court, Bishop's Castle, Shropshire, SY9 5DW

Information in case of emergency:

Tel:+44 (0) 1588 630302 Fax:+44 (0) 1588 630304 Web: www.jesmonite.co.uk Email: sales@jesmonite.co.uk 2. COMPOSITION / INFORMATION ON COMPONENTS

Chemical Charatcterisation: prepration from modified hybrid materials Source materials are entered in **EINECS**

3. HAZARDS IDENTIFICATION

No particular known hazards

4. FIRST AID MEASURES			
After Inhalation:	Remove to fresh air, seek medical attention if discomfort continues.		
Skin Contact:	Immediately flush thoroughly with plenty of water.		
Eye Cotact:	Ensure adequate flushing with plenty of running water by separating the eyelids with fingers. Seek attention if discomfort continues.		

After ingestion: Wash out mouth and drink plenty of water. Do not induce vomiting. Seek immediate medicial attention.

5. FIRE FIGHTING MEASURES

Extinguishing Media Water, foam, dry powder or carbon dioxide

6. ACCIDENTAL RELEASE MEASURES

Personal precautions procedures

Seek Maxium Ventilation

Environmental Precautions.

Do not allow product to enter the sewerage system or waterways. Do not let it soak into the ground.

Methods and material for containment and cleaning up

Collect mechanically. Soak up liquid with suitable material. Collect waste in a suitable receptacle. Dispose of contaminated material as waste according to section 13

7. HANDLING AND STORAGE

Precautions for safe handling

Ensure good ventilation/air-conditioning in the workplace. Avoid contact with eyes and skin

Protection against fire and explosion:

Keep away from ignition sources - do not smoke

Take steps against electrostatic charges

Use only in explosion-protected areas.

Conditions for safe storage, including any incompatibilities.

Further details for storage conditions:

Keep receptacles securely closed.

Keep receptacles in a well-ventilated area.

Protect against frost (contains water).

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Technical considerations:

Ensure maxium ventilation if vapours/particulates e Only use material if within specification.

Maximum Workplace concentrationnot specified.

Personal protective equipment:

General protection and hygiene: Use preventative skin protection ointment. Immediately remove contaminated clothing

Use breathing apparatus for high concentrations, if particulates/vapours are present or if there is insufficient ventilation. Hand protection: Suitable protective rubber gloves Experipreticition: Suitable protective rubber gloves Experipreticition: Suitable protective rubber gloves Suitable protective rubber gloves Suitable protective rubber gloves SUISALE of the suitable	Avoid contact with eyes and skin.
