

Flints choice of tools is based on over thirty years of experience in the trade. Whilst the main range consists of top quality tools for the full time professional, we have chosen some budget tools more suited to the occasional user. Some of the tools are especially imported and are unlikely to be found anywhere else. We have also put together a selection of keenly priced tool kits which are listed on the opposite page. If you need to purchase tool kits for students or your crew we can offer discounts for multiple orders.

## MEASURING

**Stanley Powerlock Tape Measure** With chromium plated cases, removable belt clip, Tru-Zero end hook and power return with sliding lock. The yellow blades with black markings have a Mylar coating which increases blade life by up to ten times. The 8m tape also has blade

armour on the first 150mm for maximum durability and reduced breakages. Available as standard with metric and imperial markings. Replacement blades available to order. For Tape Pouches see page 3.59.

Stanley Powerlock blade	length	code	our price
19mm	3m [10']	STA033523	£6.32
19mm	5m [16']	STA033553	£10.85
25mm [armour blade]	8m [26']	STA033526	£14.46
25mm	10m [33']	STA033443	£17.17

new

**FatMax XL 8m** A new upgraded version of the old FatMax with a chrome case and rubber grip and an extra wide Mylar coated blade that gives a long standout of 4m! For maximum durability and reduced blade breakage the Fat Max Extreme is now coated with Blade Armour. The high visibility blade measures an amazing 32mm in width. Marked in metric and imperial.

Fat Max XL	code	list	our price
8m with blade armour	STA533891	£24.15	£21.74
Tape Holder	STA194896		£10.01

Available as All Metric version!

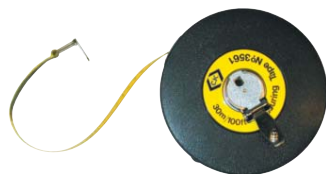

**Fisco Big T 8m All Metric or Metric/Imperial**

As most measurements onstage tend to be metric, many users find the imperial measurements along one side of the tape an irritation as they often appear

on the side that you need to read from. This tape can be read right up to the end as the hook is mounted below. Exact inside measurements can be read because of the 100mm case dimension. We now also stock the metric/imperial version. British made!

Fisco Big T	code	price
8m All Metric	TOLFSCBT8M	£18.81
8m Old Codgers	TOLFSCBT8ME	£18.81

new

**CK Fibre Measuring Tape** Vinyl coated glass fibre reinforced tape in strong ABS plastic case with metric & imperial graduations. Available in three lengths

code	length	price
CK	10m	CKT3561033 £12.16
CK	20m	CKT3561066 £14.89
CK	30m	CKT3561100 £20.42

DISCONTINUED

**RST Budget Long Tape A** budget quality fibreglass tape, graduated in metric and imperial, in a plastic case.

RST Long Tape	code	price

**Flints Budget Tapes** Chunky rubber protected tape measures with a wide blade marked in metric and imperial. Fitted with a temporary brake underneath and a blade lock on the front. Treble riveted hook. Great value.

Flints Budget Tapes	code	price
5m	TOLM45025	£4.26
10m	TOLM410025	£7.89

## DIGITAL CALIPERS

**Faithfull Digital Calipers**

Manufactured from hardened

stainless steel, this dual function electronic digital caliper provides precision readings through a clear liquid crystal display. Its many features include a fine adjustment roller, which allows precise measurements to be taken quickly and easily. Readings may be displayed in metric or imperial. The four way measurement function provides a choice of readings in external, internal, depth and step modes. Supplied in a strong case.

Faithfull Digital Calipers	code	price
	TOLDC6	£31.75

## STRAIGHT EDGES AND RULES

**Carpenters Roll Up Straight Edge**

A section of sprung steel which unrolls to a 2050x80mm long straight edge. Perfect for full scale marking out of treads and raked stages. Rolls up for easy carrying. We are now also stocking a roll up Tee square version which is 4m long!

Carpenters Straight Edge	code	price
Straight Edge	TOL850	£22.81
Roll up Tee Square 4m long	TOLTM004	£69.38

new

For carpenters pencils, aluminium and carbon steel straight edges see pages 1.67 and 1.68.

**RST Metre Stick** **Hardwood**

bench rule graduated both sides in metric and imperial. Popular with scenic artists.

RST Metre Stick	code	price
	RST670	£3.60

**Stainless Steel Rules** Metric on one side and imperial on the other side. Rustless steel with clear permanent markings. The little 6" pocket sized version is very handy.

Length	code	price
6" (150mm)	FSC706S	£2.39
12" (300mm)	FSC712S	£3.81
24" (600mm)	FSC725S	£7.46

**Folding Rulers** We have now included a 2m European style folding rule which is the preferred choice of Polish carpenters and surveyors. Plus an economical 1m wooden rule for the traditionalist or there is a virtually unbreakable plastic version by Stanley.

White	STA147405	£2.90

**MORTISE AND MARKING GAUGES**

**Marking Gauge** Made of beech with a plastic thumbscrew plus a hardened steel marking pin.

Marking Gauge	code	price
	TOLC135	£4.69

**Mortise and Marking Gauge** Made of 'plantation grown' rosewood with brass thumb-screw. This tool has a double set of mortise pins on one side of the stem and a single marking pin on the other.

Mortise and Marking Gauge	code	price
	TOLC153	£17.83

**TRAMMEL HEADS**

**Trammel Head Eclipse 33**

Used to mark out large arcs and circles. The size is restricted only by the length of the timber beam onto which they need to be clamped. Final small adjustments can be made by rotating the pin which has a clever offset point. See also blackboard compasses on page 1.67

Trammel Heads Eclipse 33	code	price
	ECL33	£46.03

**Trammel Heads Dakota**

These heads clamp onto 3/8 x 3/4" timber. Final adjustments up to 5/8" can be made by adjusting the sprung lever. One of the points can be replaced with the supplied pencil holder.

Trammel Heads Dakota	code	price
	TOLDK35	£29.98

**SQUARES AND BEVELS**

**Stanley 1912 Combination Square**

Probably the most useful square. This model is widely used by carpenters and engineers and has a robust cast iron stock. Can be used as a try square, mitre square, depth gauge, 12" rule, spirit level and it is fitted with a small scriber.

model is widely used by carpenters and engineers and has a robust cast iron stock. Can be used as a try square, mitre square, depth gauge, 12" rule, spirit level and it is fitted with a small scriber.

Stanley 1912 Combination Square	code	price
	STA046151	£31.20

**Combination Square**

A lighter weight but still very serviceable combination square ideally suited to students and touring

tool kits. 12" stainless steel blade graduated metric one edge and imperial the other.

Combination Square	code	price
	TOLTSC52ME	£9.70

**Carpenters Try Square** These Try Squares are made to BS3322 and come in 'plantation grown' Rosewood with a 1/8" [3mm] brass facing strip. The hardened, tempered and blued steel blade is fixed to the wood stock by brass rivets.

Carpenters Try Square	code	price

Just  
£3.33!

Saws are classified by the blade length and the number of teeth per inch [TPI] or points per inch [PPI]. Universal tooth saws will cut along and across the grain. Fleam tooth saws are for cross cutting and cut on both strokes. Hardpoint saws have been high frequency hardened to stay sharp longer and will have a blue/black edge. All our saws are hardpoint except the traditional brass backed Crown Tenon Saw.

## HAND SAWS

new

**Bahco Superior 2600XT Panel Saws** This modern top quality saw has the following outstanding features:

- ✓ Thicker blade than conventional handsaws.
- ✓ Hardpoint teeth with XT geometry.
- ✓ Extra fast cutting across and along the grain.
- ✓ Black friction reducing coating.
- ✓ Lower handle position for better distribution of power along the toothline.
- ✓ Fine tooth setting also suitable for plastics.

Bahco Superior 2600XT Saw	code	rrp	price
blade length: 550mm TPI: 9	BAH260022XT	£30.44	£24.35

**Jack 880 UN20 Handsaw** This is a hugely popular saw due to its fast cut and fine finish. Flints buy by the 100's so we can pass on great value. The handle incorporates 45° and 90° angles and a comfortable soft grip. Universal cut teeth

- ✓ Very economically priced.
- ✓ Fast Cut.
- ✓ Fine finish.

Jack 880 Saw	code	rrp	price
blade length: 508mm[20"] TPI: 7 PPI: 8	TOLJACK880		£12.09

A really useful little saw

**Prizecut Toolbox Saw** No, not a saw for cutting up toolboxes but so called because its convenient 360mm size will actually fit in your toolbox! A really useful little saw with hardpoint fine fleam teeth which will perform well as a standard handsaw but will serve as a tenon or even gentlemen's back saw. Great for tours. Widely used by boatbuilders. Cuts through wood, aluminium and plastics. Includes tooth guard. Fleam tothing, hard point. Good value. Treat yourself.

Prizecut Toolbox Saw	code	rrp	price
blade length: 355mm TPI: 15	TOLBAH30014	£14.82	£13.34

## JAB SAWS

new

**Stanley Fatmax™ Jab Saw** Hardened blade and clever tooth geometry allow the saw to punch through dry walls and to cut intricate shapes.

Jab Saw	code	rrp	price
blade length: 180mm	STA020556		£10.39

## JAPANESE STYLE PULL SAWS

**Japanese Shark Saws** These saws are designed to cut on the pull stroke and as a result the blade can be thinner yet will not jump or buckle. As the blades are flexible they are well suited for trimming draw pegs from mortise work. The long lasting hardpoint teeth give a precision cut. The blades disengage with the push of a button making them easy to transport and perfect for the touring or fit up carpenter. See also page 3.22 for Felco Folding Saw.

### Shark General Fine Cut Carpentry Saw

Fast clean cut even on impregnated materials. Designed for cross and angled cuts.

Shark General Purpose Saw	code	price
length 12" (300mm) tooth pull TPI 14	SHK112312	£15.00
Replacement Blade (fine cut)	SHK112312G	£9.50

### Shark Super Fine Cut Saw

Thinner blades with a back support for detailed cutting, dovetailing, mitreing, mouldings, composite materials and plas-

tics. The fine cut allows even 1mm slices to be made.

Shark Fine Cut Saw	code	price
length 10 <sup>9/16</sup> " (270mm) Extra Fine Pull TPI 19	SHK112410	£15.00
Replacement Blade (super fine)	SHK112410G	£9.00

**Burger Flippers** An excellent saw for trimming pegs, undercutting sticking doors, and general carpentry work. Double sided cutting edge. Rubbish on burgers and they trash non stick pans.

Shark Double Blade Pull Saw	code	price
length 9 <sup>1/2</sup> " (240mm) tooth Fine/Medium TPI 17/9	SHK112440	£11.00

## TUBE REAMER

**Tube Reamer** This one tool will chamfer both the outside and inside of tubes from 12mm to 54mm diameter! Suitable for use on steel, copper, stainless steel, aluminium brass and hard polyester resin. Blade material SAE8660.

Tube Reamer	code	each
	TOLTR1254S	£39.00

## ERGO HANDSAW SYSTEM

**Ergo Handsaw System** A new, revolutionary and professional approach to sawing incorporating the most advanced and comfortable Bahco ERGO® handle ever and a range of interchangeable Bahco Superior blades, this truly flexible system combines maximum versatility with superior sawing performance.

- ✓ Asymmetrical handle design eliminates pressure points and stops the hand sliding on the handle.
- ✓ Thermoplastic Elastomer for optimum friction and a warm feel.
- ✓ The angle and position of the handle in relation to the blade teeth reduces sawing forces and increases efficiency.
- ✓ Available for left or right-handed users
- ✓ Two different handle sizes\* provide maximum grip, comfort and safety. \*Left-handed handle is available in one size only.

Ergo Handsaw System	code	price
Handle only Left Hand Large Grip	TOLBAHEXLL	£21.41

Buy three blades and get 15% discount

## PLANES

**Faithfull Plane Set** This set includes a traditional No4 bench plane plus the most popular size of block plane, the 60/2. Both planes are manufactured from fine quality cast grey iron for strength and stability. They have finest hardwood handles and solid brass fittings. Complete in a wooden box.

Faithfull Plane Set	code	price
	FAIPLANE4V	£45.10

**Stanley 9 Block Plane** The cutter is fitted at 21° and is adjustable for depth and alignment. The mouth can be set for fine or coarse work.

Stanley 9 Block Plane	code	our price
	STA512020	£53.97

**FOLDING SAW**

**new**

**Gerber Gator Exchange-A-Blade Saw** The new version is tougher and slightly bigger. The reason we like them so much is they are small enough to fit in a yacht's tool box and they are supplied with a strong cordura pouch. The coarse blade cuts rapidly through timber and the fine blade is designed to cut through bone [ugh!]. They are such good value we think they've made a mistake. Saw supplied with coarse and fine blade and pouch

Gerber Gator Saw	code	price
	TOL2241457	£24.33

**Felco Folding Saw** We were upset when Gerber stopped making their handy folding saw until so we decided to stock this excellent quality Felco version. Then Gerber decided to re-introduce their saw [p3.49], so now there's a choice. Fast cutting pull action with rust resistant hard chrome blade. Ideal for emergency use. Will easily fit in a small tool bag [only 200mm when closed] and at 135g it won't weigh you down.

Felco Folding Saw	code	price
	TOLF600	£33.19

**3.22a**

**SECTION THREE**

**Record Smoothing Plane No4** Record planes are still made to very high standards. After much moaning from the carpenters who actually use these tools they have now reinstated the wooden handles but we still stock spare wooden plane handles from plantation rosewood

Record Smoothing Plane No4	code	RRP	Price
Plane	REC04	£64.60	£49.95
Spare rosewood handles	TOLC318		£16.81

## SURFORMS

**Surform 21-102** This 5 1/2 flat file has a GRP handle with a thumb screw to adjust the blade. Ideal for smoothing glass fibre, body filler, nylon and wood. Can be used in environments that would ruin a decent plane.

Surform 21-102	code	price
Spare blade 140mm	STA521102	£6.31
	STA521398	£2.82

**Surform 21-115C** Designed for pull action for stripping paint and fillers in awkward corners. Good value.

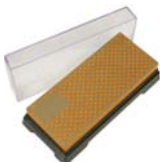

Surform 21-115C	code	price
Spare blade 63mm	STA521115	£2.97
	STA521515	£1.63

**Surform Block Plane** This 140mm block plane has a GRP body with a thumb screw for quick release of the blade. It can be used with one or two hands. The blade is reversible for use bull nose work in confined spaces.

Surform Block Plane	code	price
Spare blade 140mm	STA521104	£6.31
	STA521398	£2.71

## SHARPENING STONES

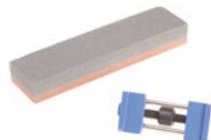

**Diamond Bench Whetstones** Each stone has a multiple layer of diamonds and a continuous diamond pad for sharpening small tools. The 150mm whetstone comes in a plastic non-slip base with a clear cover. Size: 150 x 65 mm. 600 grit, fine. See also

Diamond Whetstone	code	price
	FAIDW150F	£19.75

**Mini Diamond Whetstone** This fine grade mini whetstone is ideal for sharpening knives etc.

This special set includes: ✓ Six chisels (6, 10, 12, 18, 25 and 32mm). ✓ Diamond stone. ✓ Honing guide for fast accurate sharpening. ✓ High quality canvas zip case. ✓ Fantastic value- normal list price £50.01

Bahco Six Piece Chisel Set with Stone	code	price
	BAH424PS6ZC	£49.00

**Butt Chisel Set** This unique set of small chisels is ideal for very precise hand cutting and paring of joints. The overall length of the chisel is 6" with 3 1/2" blade and a 2 1/2" handle. The high carbon blades are 1/4, 1/2, 3/4 and 1" wide. Plantation grown rosewood handles.

Four Piece Chisel Set	code	price
4 piece set with display box	TOLC174RB	£45.62

## SCREWDRIVERS

### A Special Announcement

It is with deep regret that we have to announce the sad demise of the Yankee Screwdriver, known to his friends simply as "Pump". With a low carbon footprint "Pump" would work away day and night constructing scenery all over the country but sadly he could never compete with the modern cordless set. In the last year Flints sold a round figure quantity of these wonderful tools but now Stanley have ceased production and an era has come to an end.

Smash through walls!

**Wera - Series 900 Chisel Drivers** Admit it, you've given a screwdriver a whack with a hammer before now. These screwdrivers are engineered to withstand really severe work. Use them to knock off ceramic tiles, force off rusted hose clamps, knock

holes through walls! The through handles are fitted with a hex bolster so that a 13mm spanner can be used for extra torque to break loose corroded fastenings. Tip is to DIN5264-A ISO2380 Black point. Give them some stick, the Chisel Drivers can handle it. Available as a tough driver for slotted screws [175mm shaft with 112mm handle. 10mm x 1.6mm tip] or a complete set for both pozi and slotted [3.5x80, 4.5x90, 5.5x100, 7x125, PZ1x80, PZ2x100].

Set of six slotted and pozi	WER018287	£27.32

For manual and power screw-driving

### Wera Kraftform Kompakt 20

A superb compact tool for manual and power screwdriving. The ergonomic two component hand grip opens by pressing the button on the top to reveal five driver bits. These can be quickly inserted into the span collet chuck. By squeezing the collet, the handle locks to give a sturdy precision hand driver. The extended shaft can be removed for use in cordless drivers. Supplied in a tough belt pouch. Ideal for touring kits.
