CLIPS

Galvanised Pipe Clips These

always cause mass confusion because they are labelled according to the nominal bore of the pipe! So a 1 1/2" clip fits a 2" outside diameter pipe. The trouble was some of you knew that! Our little table below should

sort out the confusion [unless they decide to change the packaging, which will cause renewed mayhem]. Hey, they are so cheap why not order both sizes just in case? See also Conduit Clips [page 205].

1,484 Piece Hook and Eye Set

Quite why the marketing gurus choose to have a set with 1,484 pieces is a mystery, especially as some sections are padded out with various nails. That said, there are loads of useful small picture hanging gizmos, cup hooks, screw eyes etc which would be very useful in a set dresser's kit.

Pack Contains [I'm not counting them!] Small brass screw eyes, picture hanging hooks, small brass nails, very very small to medium zinc-plated screw eyes, zinc-plated cup hooks, various right-angled hooks, and a very strange selection of nails and pins.
