

MULTITOOLS

This page was updated 19/04/12

It used to be a simple choice between the Leatherman Supertool and the Gerber Bluntnose, then came the rest of them- Waves, Surges, Legends, Squirts, Kicks, Blasts and Crunches! We can't stock them all, so, to save you time, we have listed a selection of the most suitable ones.

LEATHERMAN

The original compact Leatherman Tools with 25 years guarantee.

Top of the range!

The Charge TTI The new Charge TTI features a cutting hook, scissors, outside-accessible blades, bit drivers, crimpers and more. Fitted with comfort-sculpted titanium handles and S30V® stainless steel clip-point knife. Grab a hold of one today and you'll quickly see why the Charge models are the pinnacle

of the Leatherman multi-tool collection. Weight 232g. Length 102mm.

The Charge TTI features

Titanium handles, needlenose pliers, wire cutters, hard wire cutters, crimper, S30V clip point knife, serrated knife, cutting hook, wood/metal file, diamond coated file, wood saw, two large bit drivers, small bit driver, can/bottle opener, wire stripper, fixed and releasable lanyard attachment, removable pocket clip, nine double ended bits and scissors.

Legend 800 Housed in light-weight aerospace handles with tactile rubber grips. The blade and scissors open with a single hand movement without having to open up the whole tool. The sprung return pliers are fitted with a replaceable tungsten carbide insert with nitride finish. Being triangular, the wire cutting blade can be turned giving three fresh cutting edges. Unlike Leathermans, this Gerber is supplied with an adjusting key so that the opening

can be tuned to suit your personal needs. The replaceable RemGrit jigsaw blade enables the Legend to cut through hard materials. All the blades lock. 130mm when closed. Weighs 267g.

Gerber Legend Features

Needlenose pliers with replaceable cutters and spring return, Adjustable tension feature, RemGrit jig saw blade, Fiskars scissors, Blade with serrated section, Bottle opener, Slotted screwdriver (small, medium and large), File

The recommended knife for rescue work

E-Z Out™ Rescue Knives by Gerber

This knife features an easy and smooth opening surgical stainless steel blade in a virtually indestructible polycarbonate handle. The combination of size, shape and open handed operation makes this a very popular knife. Fitted with a stainless steel pocket clip. The blade is serrated the full length for cutting quickly through ropes. The rounded blunt end to the 89mm long blade will help guard against accidents. Wt 93g

FOLDING SAWS

Felco Folding Saw We were upset when Gerber stopped making their handy folding saw so we decided to stock this excellent quality Felco version. Now Gerber have re-introduced their saw so you have a choice. Fast cutting pull action with rust resistant hard chrome blade. Ideal for emergency use. Will easily fit in a small tool bag [only 200mm when closed] and at 135g it won't weigh you down.

Felco Folding Saw	code	price
	TOLF600	£27.99

new

Gerber Gator Exchange-A-Blade Saw We used to sell lots of Gerber folding saws then they stopped making them! But now they are back, and they are better than ever. The new version is tougher and slightly bigger. The reason we like them so much is they are small enough to fit in a touring tool box and they are supplied with a strong cordura pouch. The coarse blade cuts rapidly through timber and the fine blade is designed to cut through bone which is obviously really handy on stage. They are such good value we think they've made a mistake.

Gerber Gator Exchange-A-Blade Saw	code	each
