

MYLANDS

Mylands have been manufacturing wood finishing products since 1884. They also manufacture a comprehensive range of fire retardant paints for the TV and film industry. We have listed a selection of their popular scenic products below.

SECTION ONE

MYLANDS COLOURED FIRE RETARDANT EMULSION PAINT

A professional grade fire retardant emulsion paint formulated for the theatre, film, and TV industries. The more popular colours which are marked with a ✓ are held in stock. Other colours are normally with us the following day. The colours with * are extra strength colours ideal for colouring, staining and tinting emulsions but they can also be used as standard emulsion paint. Our colour chart only shows a selection of the colour range.
