Magnetic Paint Turns virtually any wall into a magnetic work surface. Apply two or three coats of the Magnetic Paint then overcoat with your choice of scenic paint or emulsion. The wall will then magically hold magnetic display items. It works best with items with a high surface contact. Coverage 3m² per litre with two coats. We also stock packs of magnetic strips which are 300x50x.8mm thick. They can be easily cut to size.

Peelable Paint A unique system that will temporarily decorate/cover large structures and blank out signs internally and externally for up to 12 months. When it's time to uncover again then just peel away. A great masking tool.

Spraylat Paint	code	5kg
	PATSMG5	£65.00

PAINT CONDITIONERS

Don't even think of using oil based paints without Owatrol!

Owatrol is a versatile paint conditioner and rust inhibitor. When mixed with oil paint or varnish it adds extra penetration and wetting action and most usefully it extends the wet edge time to eliminate brush marks and laps. For perfect enamel work add 5 to 10% to the paint. Once you have used Owatrol you will never want to paint without it again! Very highly recommended. It is also used widely in shipyards to effectively protect steel against corrosion. For Terebine driers see page 1.36

	PAT071	£12.65	PAT072	£21.34

Floetrol-maintains paint quality!

Mix Floetrol into emulsion paint to:

- ✓ Reduce tip clogging and piston freeze up when spraying.
- ✓ Extend the life of spray guns.
- ✓ Improve spray pattern and coverage.
- ✓ Minimize holidays when rolling or brushing.
- ✓ Reduce spray pressure by 20%.
- ✓ Reduce roller pressure and avoid paint build up giving a spray like finish. Mix 2L of Floetrol to 20L of emulsion.

ADHESION PROMOTERS

WATERBASED PRIMERS AND ADHESION PROMOTERS

Great for Dance Floors!

Covent Garden Primer Designed for the Royal Opera House for priming vacuum formed plastics. It is water based, can be tinted and is ideal for difficult surfaces such as dance floor, pvc, clear plastics, and rubber flooring. Covent Garden Primer is formulated to be a first coat prior to conventional painting although adding 20% to your scenic paint will normally make it stick to dance floor materials.

Primer	code	1L	2.5L	5L	25L
	PAT050X	£14.16	£30.66	£58.27	£223.46

ESP Easy Surface Prep If you need to paint old gloss enamel or varnish, glazed or ceramic tiles, baked enamel and even glass then ESP will prepare the surface without the need to sand. Just wipe it on and wait for 2 hours before painting with oil or emulsion paint. In every case the paint will stick. Suitable for interior and exterior use. Coverage approximately 18m² per litre.

ESP Easy Surface Prep	code	1L
	PAT070	£20.09
