

PROJECTS & INSTALLATIONS

No project too small

As a leading name in the entertainment industry, Flints has been advising and assisting on projects for over 35 years. Our breadth of experience ranges from working on staging and tracking systems, to laying specialist dance floors, to fitting out photography studios, and installing complex art works. Flints is extremely well placed to act as consultants from the earliest stages, whatever the size and nature of your project.

We have recently worked with:

- ✓ The BBC
- ✓ ITV
- ✓ Amazon

INSPECTION SERVICES AND CERTIFICATION

We offer a wide range of inspection services including:

- ✓ Six-monthly and yearly thorough reports of examination
- ✓ Safety checks
- ✓ Maintenance inspections
- ✓ All in compliance with Lifting Operations and Lifting Equipment Regulations [LOLER]

Our technical staff inspect:

- ✓ Theatres
- ✓ Schools
- ✓ Individual wires
- ✓ Lifting equipment
- ✓ Winches
- ✓ PPE

Project Spotlight: Conrad Shawcross' Space Trumpet

In 2013 we advised and helped before and during the install to get this sculpture perfectly placed in the atrium of Unilever House.

INSTALLATIONS AND RIGGING

Flints collaborates with a wide variety of artists and venue technical staff to install works in a way that will transform their space. Our team has experience of working in both performance venues and unconventional spaces. This experience means that we can best work out suitable methods of hanging for your requirements using a wide range of materials and techniques.

Our staff have extensive knowledge of both fibre rope and wire rope manufacturing. We have training from the following:

- ✓ International Powered Access Federation [IPAF]
- ✓ Lifting Equipment Engineers Association [LEEA]

[Ask to see our TEAM Cards]

NEW VENUES

With our experience in several fields we're well placed to be able to consult on new venue requirements, either new builds or refurbishments. We're full of ideas on how to improve or lay out venues to provide for future requirements such as flexible performance spaces and rigging possibilities.

Project Spotlight: Resounding by Annie Cattrell

Installed in 2015 at Oxford Brookes University this piece also features our unique micro cable system to hang the "droplets" [page 148].

ANCHOR POINTS

The Flints team is fully qualified to specify and install industrial and PPE anchor points to current European standards for a variety of uses.

STAGE TRACKING AND DRAPES

Flints supplies and installs tracking from all the main manufacturers. In addition to completely new systems, we are well placed to also extend existing set ups as we have expertise in such a wide range of track systems. If you're having problems with your tracking, we offer a refurbishment service to get your set-up running like new.

We're also able to provide draping to industry standards: from plush front of house drapes, to wing masking, and even blackout drapes – we supply it all.

We also supply temporary tracking set-ups for specialist requirements such as shoots on a hires basis, see page 357.

SPECIALS

Something odd? We're happy to speak to anyone that has an out-of-left-field project requiring an open mind. Control ropes in a cereal factory? Suspend a leopard in a fridge for a TV show? Rope swings for an outdoor event? And yes, these are all real projects, so we really are the right people!
