## MATT FLUORESCENT SPRAY PAINTS

**Plasti-Kote Fluorescent Spray** We have tried various makes and have found these Plasti-Kote fluorescent sprays do give the brightest results and the most even coverage. They make some other fluorescents seem chalky in comparison. The range is rather limited but fluorescent blues never seem to fluoresce very much. Don't forget that all fluorescent paints require a white basecoat such as the Matt White Primer listed [page 40].
