ROSCO FLOORS

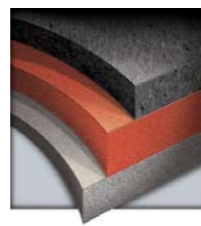

Flints have stocked Rosco's famous dancefloors for over 20 years, here are just four of the most popular Rosco floors we sell. Contact us for samples and a full colour brochure.

Rosco Dance Floor The portable, durable floor for ballet, jazz and modern dance. Manufactured from 100% vinyl, Roscofloors won't crack, separate or fracture, and are self sealing if punctured. The matt, non-skid finish is designed for the control required by dancers and the matt non-reflective finish helps prevent distracting reflected light. Weighs only 1.78kg per sq metre, ideal for touring dance companies. All Roscofloors are two-sided allowing for equal wear on both surfaces. 1.3mm thick. Max roll length 40m. Weight 2.85kg per linear metre. Use for: Modern, Jazz, Ballet.

Cold Weather

Dance floors are sensitive to temperature and can become stiff and brittle in very cold conditions. Allow your dance floor to warm up to room temperature (13-26C) before use. Once the flooring is rolled out it should be allowed to acclimatise to the highest temperature the room will reach during the performance before taping.

HOUSEKEEPING

Magnetic Sweepers This is a neat wheeled magnetic sweeper with a telescopic handle capable of collecting up to 9kg of magnetic items. Ideal for collecting tacks after stage cloths have been changed. Use it around the workshop to recycle or sort out dropped screws and nails. Run it over the stage after the fit up to ensure nuts, nails, washers, swarf and filings do not cause damage to scenery tracks or equipment such as solenoids as well as safeguarding against injury to stage staff, actors or dancers feet. A great value piece of stage equipment.

To lay the floor you'll need three people!

- 1) Clean the floor thoroughly so it is dust free and smooth.
- 2) Unroll the vinyl face down [adhesive up] and peel off the backing.
- 3) With one person at each end, turn the vinyl over. Hold it off the floor.
- 4) Let the middle of the length touch the floor. The third person uses the rubber squeegee from the centre and works outwards to expel any air bubbles.
- 5) Overlap the next strip by 25mm. Double up in high wear areas.

SLIP CONTROL

Best Seller!

Slip Nomor 2000 - the liquid rosin
A non slip solution that adds a slip resistant surface to all floor surfaces, including wood, vinyl, tile and lino. Widely used by theatre, opera and dance companies. The perfect substitute for rosin [which is not recommended on vinyl floors]. It will not damage any surface. You can control the degree of non-slip simply by adding water. Dilute ten times for the usual mix. One pot will cover approximately 900 m² once diluted.

Slip Nomor 2000	code	price
	SLIP2000	£57.00

Proclean NS Just add Proclean NS once a week to your cleaning water and it is guaranteed to make any surface more slip resistant. Apply with a cotton mop using one bucket with the solution and the other to wring out the dirty water. Do not rinse and allow the floor to dry.

Light soil: One part Slip Nomor Cleaner to 8 parts water.
Medium soil: One part Slip Nomor Cleaner to 6 parts water.
Heavy soil: One part Slip Nomor Cleaner to 4 parts water.
