

1) Identification of the product

a) Flint Hire & Supply Ltd product names and codes

Idenden Brushcote White	Code PAT810
Idenden Brushcote Black	Code PAT811
Idenden Brushcote Grey	Code PAT812

b) Manufactures Product Names

BRUSH-COTE 30-150

SUPPLIER

Flint Hire & Supply
Queens Row
London SE17 2PX
Phone: 020 7703 9786
Fax: 020 7703 0616

MANUFACTURER

Idenden
Common Road
Stattford ST16 3EH
ENGLAND
Phone: (01785) 257755
Emergency phone number: (01785) 255141

2) Composition

Ammonia solution (0 880) <0.5% C	R34	Causes burns
	R37	Irritating to respiratory system
Biocide <0.5% Xi	R36/37/38	Irritating to eyes, respiratory system and skin
	R43	May cause sensitisation by skin contact

3) Physical and chemical properties

Appearance	White or coloured thixotropic paste
PH	Approx 9
Relative density	Approx 1.4g/mL
Miscibility	Miscible with water

Solids

65%

4) Fire fighting measures

The material is incombustible in emulsion form. Use appropriate extinguisher for the surrounding conditions.

5) First aid measures

Inhalation	Provide patient with fresh air and seek medical advice.
Eye contact	Irrigate thoroughly with water and seek medical advice.
Skin contact	Wipe off excess with a paper towel, then clean with resin removing cream or hand cleanser. DO NOT use solvents. Finally wash with soap and water.
Ingestion	DO NOT induce vomiting. Seek medical advice.

6) Stability and reactivity

Avoid freezing conditions

In a fire, smoke and fumes with carbon dioxide and carbon monoxide will be generated with a small amount of acid gases.

7) Toxicological information

The product is non-hazardous but ingestion may cause obstruction. Contact with the eyes may cause physical damage.

8) Ecological information

Contamination of terrestrial and marine environments should be avoided.

9) Handling and storage

Avoid frost and freezing conditions in storage and transport. Store in a dry place in the temperature range 5 to 30°C.

10) Exposure standards/Personal protection

Use goggles and protective clothing

11) Accidental release measures/spillage

Do not allow to enter drains or water courses. Absorb on dry earth or sand. Collect up by shovel or scraper, then scrub affected area immediately with detergent and water.

12) Disposal

This material is not such as to be classified as "special waste" as the term is defined by The Special Waste Regulation 1996 and may be disposed of by landfill tipping.

13) Transport information

Not applicable.

14) Regulatory information

Not applicable.

15) Hazard identification

The product is non-hazardous General cleanliness in use should be observed

16) Other information

This product should be used as directed by Idenden. For further information consult the application data sheet or contact Technical Service Department.

This Safety Data Sheet was compiled using the current safety information supplied by the distributors of the component materials.
