DMM Engineering/International Ltd.

EC Council Directive 89/686/EEC

EC Type-examination

Issue 1.

PPE Product

DMM 12mm Steel Offset Karabiner, which is available with the following gate options: Screw Gate (Model No. C812), Kwiklok Gate (C813) & Locksafe Gate (C817).

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements of the relevant standard, which has been previously assessed and deemed to meet the basic health and safety requirements of the Directive, EN 362:2004 for Class B connectors with a manufacturer's minimum major axis strength of 45 kN with the gate closed & locked.

The manufacturer's information notice (F301/QA/8/June 2005) in English has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference TFPPE002 Issue 4
SGS Reference Number GB/PP 212989

This certificate remains the property of SGS United Kingdom Ltd to whom it must be returned on request.

EC Declaration of Conformity.

DMM Engineering/International Ltd., Y Glyn, Llanberis, Gwynedd, LL55 4EL, UK [head office and place of manufacture of the Personal Protective Equipment (PPE) to which this declaration relates] hereby declare that the following items of PPE :-
