My copy is used so much it's wearing out!

Scenic Art for the Theatre [Susan Crabtree and Peter Beudert] Significantly revised featuring new interviews with "old masters" and successful "divas" of the industry, updated safety tips, and additional insights into the business of scenic design. Expanded to include a new chapter on painting techniques, the book now features detailed step-by-step descriptions of common two-dimensional painting applications. Woodgraining, marble, stone, and brick painting are a few examples of the kind of finishes covered. Focal Press 2nd Edition. 439 pages.

	BKS207	£14.99

Theatrical Scenic Art [Emma Troubridge] The latest book from scenic-artist-extraordinaire, Emma Troubridge. An in-depth guide to the creative process, from conception to delivery, of painting and preparing theatrical scenery. An essential book for professional scenic artists as well as technical theatre students and anyone with an interest in the painted surface in a theatrical context. Covers practical information such as how to plan and budget, how to become a scenic artist, work experience and career options. It looks at both traditional and contemporary approaches including colour and drawing theory, painting and texture techniques, and tool use and selection. Designers give personal insights to guide the reader through the fundamentals of design interpretation and realisation. Paperback with over four-hundred images and illustrations.

BACKSTAGE HANDBOOKS

Backstage Handbook - An Illustrated Almanac of Technical Information This 309-page handbook from America is packed with useful information with clear line drawings. It has illustrations of roller cloths, counterweight systems, hardware, and tools. The chapters cover types of theatres, architectural mouldings, electrics, geometry, paints, and materials. Although some of the terms are American, this book is still a valuable source of information and would be useful for those starting on a career in the industry as well as old hands.

BKS514 £24.50

Miscellany of Lighting & Stagecraft [Michael Hall & Julie Harper] Within its pages numerous professionals share their own special knowledge and expertise interspersed with diversions of historic interest and anecdotes. As a result, much of the advice and skills set out have not previously been in print. The intention is to provide a Miscellany that encourages the reader to flick through or dip in, finding nuggets of information to entertain, inspire, and engender curiosity.

PROPMAKING

Making Stage Props [Andy Wilson] Explains the materials and techniques that the propmaker may need. Topics include working with wood, mild steel and polystyrene. With sections on modelling, making moulds, casting and laminating, plus using upholstery, paints, and finishes.

Making Stage Props code price
BKS206 £14.99

Mouldmaking and Casting [Nick Brooks] A technical manual with step-by-step illustrations explaining the materials required and the processes involved for a wide range of mouldmaking techniques. Especially useful on silicone moulds and casting techniques. For propmakers, model makers, and sculptors.

Mouldmaking and Casting code price
BKSMC £19.95

Advanced Mouldmaking and Casting [Nick Brooks] Aimed equally at the student and the professional wishing to further their skill base, this book provides an invaluable learning and reference tool for the studio or workshop of any artist, model maker, or designer.

Advanced Mouldmaking and Casting code price
BKS262 £19.95

The Book Of Prop Making [Svetlana Quint] This book covers a variety of materials, but seems to concentrate on foam, Worbla's Finest Art™ mostly being used for detailing. It goes into a good deal of detail about practical concerns of props, strength, and transportability. There is also some useful information on using expanding foam for prop making.

The Book Of Prop Making code price
BKSSQ3 £15.00

The Book Of Cosplay Armor Making [Svetlana Quint] This book goes over the basics of Worbla's Finest Art™, talks about its properties and gives an idea of how to manipulate it. More complex techniques follow using Worbla's Finest Art™ with other materials. The last section is good for inspiration. Flints' staff have used techniques from this book.

The Book Of Cosplay Armor Making code price
BKSSQ1 £15.00

The Book of Cosplay Painting [Svetlana Quint] Good for beginners. If you've not done much prop making this is a pretty decent start. Covers the materials and techniques and goes into some detail on how to make fake props look good at a distance. What might be useful to old hands is the information on getting a good finish with Worbla's Finest Art™.

COP012 code price
BKS518 £15.00

Theatre Engineering & Architecture Volume 1 A great compendium of information about elevator mechanisms, stage wagon drives, power flying hoists, control systems, British Standards, and many allied topics. With details about proprietary Spiralift and Rigid Chain mechanisms as well as screw-jacks, chain and wire-rope lifts, rack and pinion drives, and scissor mechanisms. It reviews different types of power flying hoists, has fascinating insights into the physical strain caused by handling counterweights, and shows different ways to change auditorium forms. It describes the effect of harmonics in power supply systems arising from the use of dimmer and motor control equipment in theatres. Concluding with safety warnings relating to working at height, and a practical check list for carrying out risk assessments. For anyone involved in stage machinery, rigging or technical installations.

	BKS600	£20.00

The Ashley Book of Knots [Clifford W. Ashley] This book was out of print for over a year but we're glad it's back as it's the ultimate knot book with 7,000 illustrations representing 3,800 different knots. A must for the serious knot enthusiast but overwhelming for the beginner.

The Ashley Book of Knots	code	price
	BKS303N2	£50.00

Knots Step by Step [Des Pawson MBE] Recommended to us by the technical director of Opera North. We came to the conclusion that it was indeed the best knot and splice book available although Splicing Modern Ropes is now a close contender. This updated version now has much clearer visual instructions as well as a length of braided rope to practice with. Des Pawson is the co-founder of the International Guild of Knot Tiers and is never seen without his trademark red beret.
